

OCHDL HIGHLIGHTED FOR ORAL ARGUMENTS BEFORE WISCONSIN SUPREME COURT

In a recent article authored by a professor at Marquette University, O'Neil, Cannon, Hollman, Dejong & Laing S.C. was prominently mentioned for its activity and success before the Wisconsin Supreme Court. In the [article](#), the professor discusses what law firms were most active and successful before the Court during the Court's past three terms (2018-2021).

The article notes that 13 law firms, including OCHDL, have had at least three oral arguments before the Court during the Court's past three terms and, of those firms, OCHDL had the third most oral arguments. The article also notes that only two of these 13 law firms prevailed in all of their cases before the Court, with OCHDL being one of them.

Additionally, the article examined how each law firm won (or lost) the support of each individual justice in the respective cases they argued. Only one of the firms—OCHDL—was successful in obtaining at least two-thirds of the votes cast by every justice who participated in their cases.

OCHDL is honored to be recognized for its success in representing clients before the Wisconsin Supreme Court.
